**Presentations:** Both sticker labels and preprinted cans can be used. Labels can be provided with a tamper seal. Preprinted cans are recommended for quantities of 25,000+ per order.

Aurena Laboratories have developed a broad range of nasal spray products based on sterile saline solution, sterile sea salt solution and natural sea water. The nasal sprays help to restore the moisture to nasal passages irritated by colds or allergies, dryness, pollution and overuse of nasal decongestants.

The seawater/saline solutions are deeply penetrating nasal irrigation sprays. They work by thinning the mucus and washes away foreign particles such as dust, pollutants and allergens in a natural way. This helps to relieve congestions and restores normal respiratory function.

The hypertonic version including the Xylitol containing versions osmotically decongest the mucosa. The decongestion is effective and convenient for stuffy noses during colds, pregnancy or overuse of nasal decongestants.

With regular use of Aurena Laboratories nasal spray sufferers of rhinitis and sinusitis symptoms will be alleviated and may decrease the use of medicated products. Non-medicated and non-habit forming.

### Description:

Soothe and moisturise sinus and nasal passages, relieving stuffy noses and sinus pressure.

### Claims:

- Alleviate symptoms of acute upper respiratory tract infections
- Facilitate the removal of mucus and crusts in the nasal cavity
- Prepare/cleanse the nasal cavity before applying medicinal products
- Daily nasal cleansing
- Sterile to the last drop
- Hypertonic- and xylitol versions helps to decongest the mucosa and alleviate local symptoms of acute and chronic rhinosinusitis
